YogaTed on TripAdvisor:

"This January (2013) will be my THIRD consecutive year bringing yoga students down to Present Moment for a week long retreat. The first year I had 12 students, and 6 of them signed up for the next year. The next year I had 21 students come down, and 19 of them signed up for this year. I think that says it all. My students created such a buzz back home about the wonderful time that they had had, that this year we're doing 2 consecutive weeks of retreats with a possible 40 people coming down. I'd like to think that it's me, but I know that it's much more than that. Present Moment makes it hard to leave. CJ and Tom are very accommodating. The local staff will bend over backward to make you happy, with a genuine smile on their faces all the while. And the food...my mouth is watering just thinking about it. 270 days until we return!...not that I'm counting.
